INTRODUCTION

WELCOME TO ACTION DIGITAL DIRECT

The UK's most comprehensive brochure for deaf and hard of hearing people.

There is a world of assistive equipment available for deaf and hard of hearing people. To point you in the right direction, we've written an EXCLUSIVE Deaf Equipment Explained guide to explain how technology can work for you and perhaps introduce you to some products that you didn't even know existed!

The latest assistive technology is smart and easy to use.

MONEY BACK GUARANTEE

Our no hassle, 28-day, money back guarantee policy is exactly that – if you don't like, or you're unhappy with the product you have purchased, you can return it to us, in its original packaging, for a full refund. Product refunds are valid for 28 days from the day your item has been shipped to you the customer.

DELIVERY

Costs will vary depending on what you order.

INSTALLATION SUPPORT

If you need help installing or using your product, our dedicated team of product experts are here to help.

PRODUCT EVALUATION

Our products are evaluated extensively to ensure it's quality will be of benefit for you in your hearing loss environment.

HOW TO ORDER

HOW TO ORDER WITH US

To place an order with us, simply contact our representatives. We welcome your calls via SMS, voice and text relay.

Telephone: 01905 746301

Mobile: 07725 244129

Email: equipment@actiondeafness.org.uk

A member of our equipment team will be ready to take your order for you.

Any order you place with us is an offer for you to buy products. We accept that offer when we receive your payment, not before.

If we cannot provide the product/s you order, we will give you the option to cancel your order or receive an alternative product/s. If necessary we may cancel your order, or you may cancel it before we have sent the product/s to you (see Clause 6 for more on your cancellation rights). If you have already paid for the product/s, we will refund you in full.

For urgent technical help or queries, please contact our Equipment team on:

Mobile: 07725 244129

Monday to Friday 9am to 5pm.

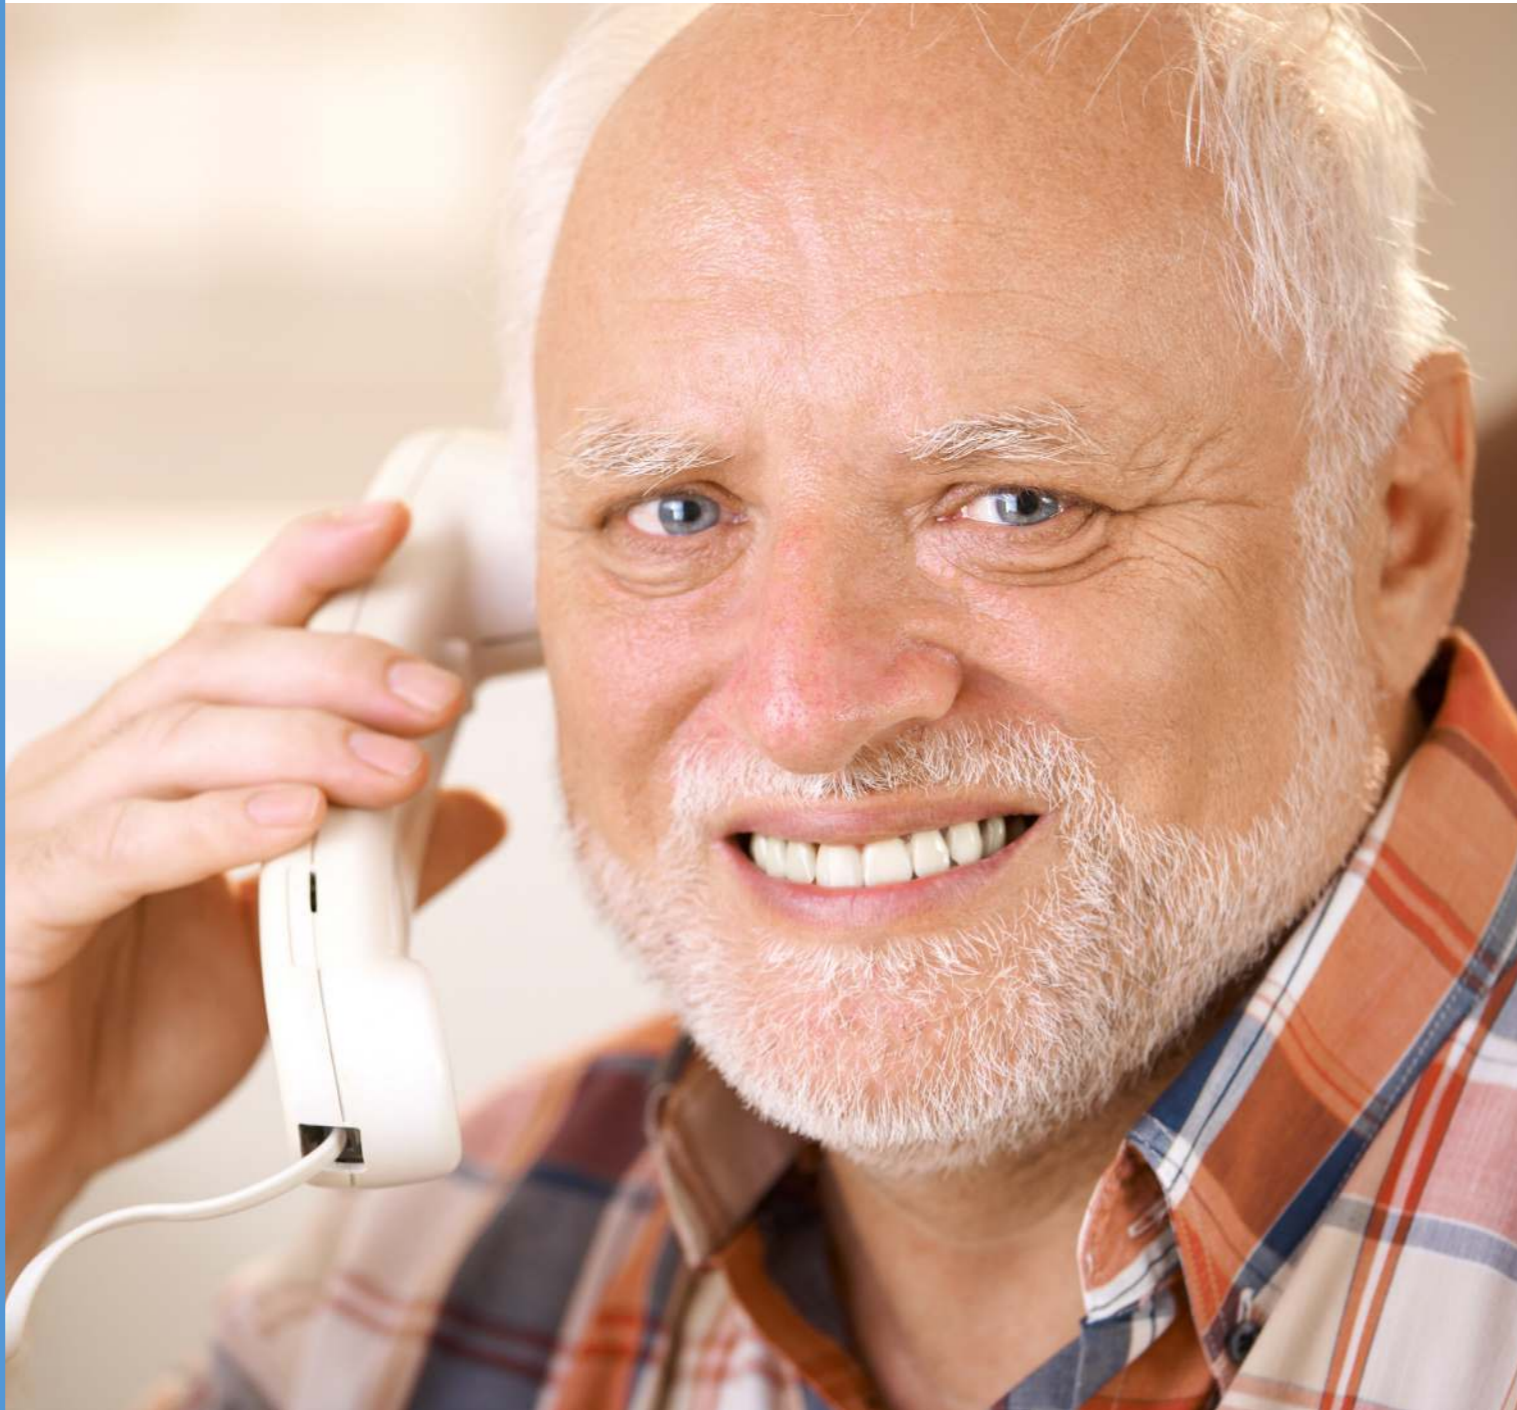

24 Hour voice/sms service available.

VAT EXEMPTION –

If you have a hearing loss then you may be eligible for VAT Relief for some items within our shop. To qualify for VAT exemption, you would need to be registered with your local health authority or GP as having a hearing disability or a communicative disability.

You will be required to fill in a VAT Exemption form during the payment process.

TELEPHONES

GEEMARC CL100 AMPLIFIED DESK TELEPHONE

The CL100 amplified phone is an easy-to-use big button telephone and is fully hearing aid compatible for interference free hearing. It has a receiving volume of up to 30dB making it easy to hear the adjustable tone control means you can adjust the pitch of the receiving sound to customise it to your hearing loss. This amplified phone features a visual ringer indicator, so you can see clearly that your phone is ringing, 9 direct memories, 3 emergency buttons and it is wall mountable. This extra loud telephone does not require a power adapter and is suitable for mild to moderate hearing loss.

BENEFITS:

- Receiving volume gain +30dB
- Flashing light indicator
- Big button keypad
- 3 Emergency memories
- 9 Direct memories
- Adjustable ringer level & tone
- Last number redial
- Hearing aid compatible

PRODUCT CODE: 252-171

£40.24

VAT may be applicable

GEEMARC AMPLIPOWER 40

If you struggle to hear phone conversations and often miss incoming calls, then the Geemarc Amplipower 40 Amplified Telephone can provide you with the adjustable extra-loud volume you may need. Enjoy receiver volume of up to 40dB (around four to five times louder than a standard phone!) and ringer volume of up to 80dB, with larger buttons also featured for easier dialling.

BENEFITS:

- Receiving volume gain +30dB
- Flashing light indicator
- Big button keypad
- 3 Emergency memories
- 9 Direct memories
- Adjustable ringer level & tone
- Last number redial
- Hearing aid compatible

PRODUCT CODE: 252-194

DORO MAGNA 4000

GEEMARC AMPLIPOWER 50

DORO MAGNA 4000

The Doro Magna 4000 is one of the loudest phones in production today. This extra loud phone looks as good as any other modern piece of equipment in your home. We usually talk a lot about extra features and reasons to choose various amplified phones but in essence - really loud and really good looking does the trick here. Plus, it's at a great price for this level of amplification. We've listed some of the other features below for more information.

BENEFITS:

- 60dB voice volume
- 90dB ringer volume
- Adjustable tone & volume levels
- Optional visual ring indicator
- Caller ID
- 50 Phonebook entries
- Adjustable ringer level & tone
- Large buttons
- Backlit display

PHONEPLUS TELEPHONE HANDSET AMPLIFIER

The Phoneplus is a discreet, stylish, battery operated device that connects between the base unit and handset of most corded handset telephones. It can be left connected when no volume or tone boosting is needed without affecting the performance of your telephone. The phoneplus automatically switches "on" when the handset is lifted, and switches "off" when the handset is replaced.

If telephone callers' voices seem very quiet or muffled you will benefit from using our Phoneplus. The Phoneplus is used to increase the volume of the caller's voice through your handset with the addition of boosting high or low tones if required

BENEFITS:

- Headset/Neckloop socket
- Volume control
- Tone control
- Boost control
- LED Indicator
- Works with 2 x AA batteries which may last up to two years (based on 20 minutes use per day)

PRODUCT CODE: 140-051

ROGER PEN

Do you sometimes find conversations difficult to follow? The Roger Pen iN is a cutting-edge wireless microphone for using at work, at home and when you're socialising. It makes it easier to understand speech in loud noise, over distance and when several people are talking. The microphone settings automatically adjust to noise levels and speakers around you, or you can override the automatically selected microphone and choose your own setting. As well as being an outstanding conversation listener, you can also connect it to your TV and other multimedia devices for amplified sound without disturbing others. The Roger Pen is the all-inclusive version of the Roger Pen. There's no need to attach external (03) receivers to your hearing aids, as they are built into the new Roger Pen iN and will pair to your Marvel hearing aids with RogerDirect™.

BENEFITS:

- Superb sound quality
- Reduces background noise
- Hassle-free
- Enhances entertainment
- All-in-one solution
- Lightweight, compact design
- Battery: Chargeable Lithium Polymer
- Charging docking station

PRODUCT CODE: MRT4001

ECHO VIBRATING PAGER ALERT

The vibrating pager alert is a portable device that will alert you with a strong vibrate, sound and LED, when the transmitter (bell push) is pressed. The pager alert is ideal for people who require a portable device to alert them to the door or as a person to person pager.

BENEFITS:

- 300m transmission distance
- Volume controlled amplified bell sound
- Choice of 16 different melodies
- Options to sound chime or flash, or flash and sound chime together
- Four indicators show which transmitter triggers the receiver
- Low battery indicator

PRODUCT CODE: 475

£50.00

VAT may be applicable

ECHO SOUND SENSOR TRANSMITTER

The sound sensor can be easily paired with the flashing chime receiver and/ or the vibrating pager to provide a simple alerting option for door intercom systems. The transmitter is simply fixed next to the intercom with a self-adhesive pad (provided); the microphone is then attached to the intercom speaker. The transmitter will then activate the chime or vibrating pager once the microphone picks up the buzz from the intercom. The transmitter has three sensitivity settings to help prevent false activation caused by other sounds and vibrations.

BENEFITS:

- Transmission distance up to 300m (open field)
- Low, Medium & high sensitivity switch
- Simple installation no wiring required
- Low battery indicator on receiver – Power source 2 x AAA batteries

TERMS & CONDITIONS

1. PARTIES

a) 'you' or 'your' means the person ordering products from Action Deafness; 'we', 'us' or 'our' means Action Deafness, a company limited by guarantee registered under company no. 06706042 and a charity registered under no. 1163758 (England and Wales) whose registered address is Peepul Centre, Orchardson Avenue, Leicester, LE4 6DP, UK Our VAT registration number is: 978 89163

b) These Terms apply to any order you place for products from Action Deafness. Please read these Terms carefully and make sure that you understand them before ordering any products from us. We amend these Terms from time to time; every time you wish to order products, please check these Terms to ensure that you understand the terms and conditions applicable at that time. Please note that before placing an order you will be asked to agree to these Terms. If you refuse to accept these Terms, you will not be able to order any products. You should print a copy of these Terms or save them to your computer for future reference. These Terms and any contract formed between you and us are only in the English language.

2. PRODUCTS AND ORDERS

a) To place an order with us, please follow the instructions in this brochure.

b) Any order you place with us is an offer for you to buy products. We accept that offer when we receive your payment, not before.

c) If we cannot provide the product/s you order, we will give you the option to cancel your order or receive an alternative product/s. If necessary we may cancel your order, or you may cancel it before we have sent the product/s to you (see Clause 6 for more on your cancellation rights). If you have already paid for the product/s, we will refund you in full.

3. PRICE AND PAYMENT

a) Prices shown do not include the cost of postage and packing; these charges will be discussed at the point of order if applicable.

b) Although we do our best to ensure that prices are correct in our literature, we will from time to time amend our prices. Before we send the product/s to you, we will tell you about any change in the prices of any product/s you have ordered or the cost of the postage and packing. We will give you the option to cancel your order. If we are unable to contact you using the contact details you provide during the order process, we will treat your order as cancelled.

c) You can pay for your product/s using any one of the payment methods indicated during the order process. When paying directly from your bank via cheque, card or direct payment, the person placing the order must be the credit card or debit card holder or have the card holder's authorisation. If the card holder later denies authorisation, you may be charged with a criminal offence.

d) Prices shown include VAT (the rate will be as issued by the UK government at the time of purchase unless we say otherwise). Staff will discuss with you at point of sale whether you qualify for VAT Exemption or whether you need to pay VAT.

4. MONEY BACK GUARANTEE

a) We offer a 28-day money-back guarantee. This guarantee only applies to certain products and the exclusions set out at Clause 6b also apply to this guarantee; if you are unsure whether this guarantee applies to any product/s, please check with our Customer Service Team before buying and returning them to us.

b) You will need to return products to which the guarantee applies with their original packaging, any instruction sheets and in an 'as new' condition including all parts. Please see Clause 8. We will then exchange the product/s or give you a refund on the product/s only.

c) If you return any product/s outside the 28-day period, and/or damaged, we will be unable to give you a refund.

d) Nothing in these Terms affects any rights you have under the Consumer Contracts Regulations 2013 or any of your other legal rights.

5. RISK AND OWNERSHIP

a) You accept that you will become responsible for what happens to products as soon as you have received them.

b) You will not become the legal owner of any product/s until you have paid for them in full. If you have not paid for any product/s, we may refuse to accept further orders from you and we may take legal action against you.

c) In line with current Waste Electrical and Electronic Equipment (WEEE) legislation, we are not responsible for the costs of collecting and treating non-household WEEE. You can get more information on environmentally responsible WEEE disposal and nearby recycling facilities from the Recycle More website.

6. RETURNS AND REFUNDS

a) Returns – You must return the product/s to us in their original packaging no later than 28 days after the day on which you received your order and you will bear the cost of the return postage and packing unless the product/s are being returned because they are damaged, faulty or incomplete (please see clauses 5 and 9). If the product/s cannot be returned by post, we estimate that if you use the courier that delivered your order to you, these costs should not exceed the sums we charged you for delivery.

b) We recommend that you get proof, from the postal service provider, that you have posted products to us, or send them by recorded delivery. All products to be returned must be sent to our office address; Action Deafness, Action Digital Direct, Vesta Tilley House, Lowesmoor Worcester, WR1 2RS. We try our best to make sure that we process returns within 15 working days of receiving them. Please remember that products returned using Royal Mail can take up to 14 days to reach us.

c) Refunds – We will refund you by the same method as you used for payment.

7. LIABILITY

a) If you are a consumer, we are under a legal duty to supply goods that conform to the description provided to you before you placed your order; advice about your legal rights is available from your local Citizens Advice Bureau or Trading Standards Office.

b) We warrant that when products are delivered they will match their description, be free from faults and fit for their purpose for at least 12 months. If within 12 months from the date of delivery you find that the product/s are faulty or not fit for their intended purpose, you have the right for the product/s to be repaired or replaced (at our discretion) or, if this is not practical, to receive a full or partial refund (unless we can show that the product/s were fit for their purpose during this period of time). This will not apply to products that have been damaged by you the consumer.

c) Some products are covered by a longer warranty period; please contact our Action Digital Direct (ADD) Team for details.

d) Our warranty periods do not cover faults due to fair wear and tear, deliberate damage, negligence, abnormal storage or working conditions, failure to follow the manufacturer's instructions (whether verbal or in writing), misuse or the product/s being altered or repaired without our permission.

e) You are responsible for returning the products to us and we will reimburse your reasonable costs in doing so.

f) You must make sure that any product/s you return to us are adequately packaged and accompanied by proof of ownership. If you return any product/s without proof of ownership, we may not be able to identify you as the owner and so may not be able to accept the returns or send the product/s back to you. If so, we will store the product/s for 28 days, after which (if they are not claimed) you authorise us to safely dispose of them on your behalf.

8. WARRANTY

a) If you are a consumer, we are under a legal duty to supply goods that conform to the description provided to you before you placed your order; advice about your legal rights is available from your local Citizens Advice Bureau or Trading Standards Office.

b) We warrant that when products are delivered they will match their description, be free from faults and fit for their purpose for at least 12 months. If within 12 months from the date of delivery you find that the product/s are faulty or not fit for their intended purpose, you have the right for the product/s to be repaired or replaced (at our discretion) or, if this is not practical, to receive a full or partial refund (unless we can show that the product/s were fit for their purpose during this period of time).

c) Some products are covered by a longer warranty period; please contact our Action Digital Direct Team for details.

d) Our warranty periods do not cover faults due to fair wear and tear, deliberate damage, negligence, abnormal storage or working conditions, failure to follow the manufacturer's instructions (whether verbal or in writing), misuse or the product/s being altered or repaired without our permission.

e) You are responsible for returning the products to us and we will reimburse your reasonable costs in doing so.

f) You must make sure that any product/s you return to us are adequately packaged and accompanied by proof of ownership. If you return any product/s without proof of ownership, we may not be able to identify you as the owner and so may not be able to accept the returns or send the product/s back to you. If so, we will store the product/s for 28 days, after which (if they are not claimed) you authorise us to safely dispose of them on your behalf.

9. COMPLAINTS

If you would like to contact us to make a complaint, please contact our Action Digital Direct Team. Please read our Complaints Policy for more information, which can be requested from our Action Digital Direct Team.
